

Please do not weaken Wisconsin's No Call Law. I finally have peace and quiet from about 5pm on and it's about time. We were getting up to 3 calls per evening, even after repeated polite denials, we still got repeat calls. If I need new services from my bank, or any other business, I'll look for it myself. I do not and will not EVER buy anything over the phone. I do not pay for phone services to have quiet evenings and family meals interrupted. Thank you.
